

8:30-9:00am	Registration
9:00-10:00am	<p><i>The Future of Health IT: A Holistic Approach</i> Carol Steltenkamp, MD, Chief Medical Informatics Officer University of Kentucky HealthCare and Kentucky Regional Extension Center</p> <ul style="list-style-type: none"> ○ Review the current state of IT across the national and international landscapes ○ Discuss the HIMSS EMR Value Suite ○ Examine opportunities for Health IT in continuity of care
10:00-10:10am	Break
10:10-11:00am	<p><i>Informatics Panel Discussion:</i></p> <div style="display: flex; align-items: flex-start; margin-bottom: 10px;">  <div style="margin-left: 10px;"> <p>Dr. Carol Steltenkamp, MBA Chief Medical Informatics Officer UK Healthcare</p> </div> </div> <div style="display: flex; align-items: flex-start; margin-bottom: 10px;">  <div style="margin-left: 10px;"> <p>Dr. Brett Oliver Chief Medical Informatics Officer Baptist Health</p> </div> </div> <div style="display: flex; align-items: flex-start; margin-bottom: 10px;">  <div style="margin-left: 10px;"> <p>Victoria Bradley, DNP, RN, FHIMSS Bradley HIT Consulting</p> </div> </div> <div style="display: flex; align-items: flex-start;">  <div style="margin-left: 10px;"> <p>Gary Ozanich, Ph.D. Associate Professor, Healthcare Informatics Northern Kentucky University</p> </div> </div>
11:00-12:00pm	<p><i>EHR Optimization: Blueprint for Sustainable Change</i> Victoria Bradley, DNP, RN, FHIMSS Paulette Frost, BSN, RN, Divisional Director Clinical Informatics KY One Health</p> <ul style="list-style-type: none"> ○ Identify the organizational benefits of a centralized change control process for EHR optimization ○ Describe components of a governance structure to prioritize and schedule system changes ○ Differentiate between maintenance and optimization change requests ○ Explain effective ways to communicate and train users on system changes ○ Describe challenges and obstacles to implementing a structured change control process ○ Review the importance of tracking and presenting status reports on change requests <div style="display: flex; justify-content: space-around; margin-top: 10px;">   </div>
12:00-1:00pm	<p>Lunch and Networking session <i>Sponsor: Data Strategy</i></p>

Event Host:

Event Sponsors:

1:00-2:00pm	<p>Applying Agile Principles in a Waterfall World Patrick Quirk, PMP, CSM - FoQUS Partners Bud Ratliff, PMP, MCTS, MCSE, MCT – Solarity Group</p> <ul style="list-style-type: none"> ○ Understand the history of traditional project management and Agile methodologies ○ Discuss the theoretical and practical differences between traditional project management and Agile methodologies ○ Identify best practices for project management in today's healthcare environments (differentiate clinical from IT/Infrastructure, application development, construction/facilities, etc.)  
2:00-2:10pm	<p>Break</p>
2:10-2:40pm	<p>Reportlandia: A look at Report Writing Basics Louise McClung, RN-BC, Clinical Informatics, Information Systems, Georgetown Community Hospital</p> <ul style="list-style-type: none"> ○ Recognize that reports can measure early progress of an implementation. ○ Why a previously good report is not displaying any data ○ Potential hazards of bad report writing
2:40-3:10pm	<p>Embedding Discharge Workflow Jennifer Dorsey, MSN, RN-BC (University of Kentucky)</p> <ul style="list-style-type: none"> ○ Understanding Informatics Roles/Processes ○ Appreciation of innovation from collaboration ○ Realize the benefits of embedding documentation into workflow 
3:10-4:00pm	<p>Interoperability in the Real World Gary Ozanich, Ph.D., Associate Professor of Practice in Health Informatics @ Northern Kentucky University, KHIE Coordinating Council</p> <ul style="list-style-type: none"> ○ Describe the current state of interoperability for health information technology nationally and in the region. ○ Explain the relationships between interoperability, HIT infrastructure and population health. ○ Evaluate the clinical informatics applications that will be developed and supported as the HIT infrastructure evolves. 
4:00pm	<p>Symposium Adjournment & Evaluations</p>
