

Marc Probst

Marc Probst is the Chief Information Officer of ELLKAY. Before joining ELLKAY, he served as the Chief Information Officer and Vice President at Intermountain Healthcare for 17 years.

Marc has been involved with Information Technology and Healthcare services for over 35 years. Prior to Intermountain, Marc was a Partner with two large professional service organizations. Marc has significant interest in the use of information technology to increase patient care quality and lower the costs of care. He is experienced in information technology planning, integration, design, development, deployment, and operation.

Marc was appointed to and served 7 years on the Federal Healthcare Information Technology Policy Committee assisting in developing HIT Policy for the U.S. Government. He has also been a Board Member of numerous Healthcare Information Technology organizations and served as the Board Chair for the College of Healthcare Information Management Executives. Marc currently serves on several HIT company boards and is a board member of Nemours Children's Hospitals. In early 2020, the College of Healthcare Information Management Executives (CHIME) and the Healthcare Information and Management Systems Society (HIMSS) jointly recognized him as CIO of the Year

Prior to living in Utah, Marc and his family have lived in Reston, Virginia, and Tampa Florida. Marc is married with 5 children which span in age from 35 to 17 years old.

Marc is a graduate of the University of Utah in Finance and earned an MBA from George Washington University.
