CSA Presentation 2016

Inspire Big Thinking
to Launch Our Future
THANK YOU VOLUNTEERS!
Let’s talk about AHIMA Strategy
2016 Environmental Scan Report

• Find it in the AHIMA Body of Knowledge
• Important contribution of the House of Delegates
• Helps Board of Directors set or modify strategy
• HIM issues and trends affecting the profession and healthcare
Highlights from the Environmental Scan

- Changes to healthcare systems (business/economic, technology) lead to changes in HIM roles
- Increasing demands from consumers
- New knowledge and skill competencies are required
- Education is changing, too
The Changing Workforce

Time to update our skills:

- Leadership
- Analysis
- Technical
- Communications
AHIMA’s Strategy

GOALS

INNOVATION
Increase thought leadership and evidence-based HIM research

LEadership
Develop HIM leaders across all healthcare sectors

INFORMATION
Transform data into health intelligence

PUBLIC GOOD
Empower consumers to optimize their health through management of their personal health information.

INFORMATION GOVERNANCE
Be recognized as the experts in health information governance
Getting Attention for IG
Discussion—IG Principles

- Accountability
- Transparency
- Integrity
- Protection
- Compliance
- Availability
- Retention
- Disposition
Information Governance

Assess The Health of Your Organization

IG Advisors™
Consulting and Training Solutions

Expanding Roles

Coming Soon
Supporting Standards

Focus on HIT standards to support interoperability

Public/private approach and collaboration:

• Integrating the Healthcare Enterprise (IHE)
• Health Level Seven (HL7)
• International Organization for Standardization (ISO)
Supporting Interoperability

Technical

Semantic

Process
Collaboration
Interoperability & Standards

• Work with ISO/TC215, Office of the National Coordinator
• White paper “Health IT Standards for HIM Practices”
Innovation
Global Initiatives
Why Go Global?

• Puts HIM best practices in the spotlight

• Raises the profession’s profile

• Elevates education and certifications
Global Collaboration

18th International IFHIMA conference: Tokyo, Japan, October 12–October 14, 2016.
Leadership Development
Advancing the Workforce

The AHIMA Foundation is advancing the workforce through education and training:

• Apprenticeship program
• Workforce and Leadership Institute
• HIM Awareness Campaign
Supporting Students and Professionals

- Scholarship program
- Veterans’ scholarships
- John Kloss Memorial Veteran Scholarship
- Global curriculum
Public Good
Talking about a Patient Identification Solution

AHIMA launches myHealthID campaign
(March 20-April 19)
Seeking 100,000 signatures on petition to
White House to lift the ban on discussion
of a voluntary patient safety identifier
www.ahima.org/myhealthID
Spotlight on Patient Matching

*Journal* of AHIMA survey:

- More than half of HIM professionals routinely work on mitigating possible patient record duplicates at their facility.
- Of those, 72 percent work on mitigating duplicate records weekly.
