## 2020 Keynote Speaker

Ty Moeder is a specialist with 24-years of practitioner experience in the realm of violence and human behavior, and an expert consultant in the physical risk and liability industry. He is well versed and a respected practitioner providing clients with a unique advantage in the areas of risk management, physical security, incident command and criminal/civil liabilities.

### National Guard prepares for Cyber Security

National Guard Cyber Security experts from Kansas and Texas will be lead a joint discussion on the importance of developing a cyber security strategy, provide insights from a governmental perspective on building domestic cyber resiliency, discuss the anatomy of a Domestic Cyber Incident Response and share takeaways and lessons learned from recent cyber incident response missions in Kansas and Texas.

### Human Trafficking and the Intersection with Technology

Via Christi educates healthcare professionals, service providers, college students, and the public about a crime that happens in communities across the United States. Learn about Ascension Via Christi's efforts for their Human Trafficking Response Program and the use of technology.

### Stories of Real Experiences with Healthcare Challenges

Hear stories and learn from discussions by a panel of your Healthcare IT peers from across Kansas that will cover topics including planning, incident response, preparedness and lessons learned from incidents such as ransomware, workplace violence and natural disasters.

## Schedule of Events

Violence in the workplace is something that we all need to hear and plan for if and when it happens. The conference will kick off with an interesting and informative message on workplace violence by Ty Moeder.

The 2020 Chapter Conference has great speakers on current topics that IT Healthcare professionals face throughout the industry encounter. Sessions include Human Trafficking, Cybersecurity, Disaster Preparedness, and insight from IT Professionals that have real life experiences with industry challenges.
