CANCELLED: Student Nursing Informatics Event - Friday, 11/9

CANCELLED: Student Nursing Informatics Event - Friday, 11/9

Due to impacts from the recent storm (Sandy), and the potential for further impacts from the impending storm due to sweep across the area on Wed 11/7 and Thu 11/8 - the Student Nursing Informatics Conference must be cancelled. A new date will be determined within the next two weeks

We will be in touch with all the speakers to determine their availability for the new potential date..

The Events Committee will be back to you shortly with a rescheduled date. For those that will not be able to make the rescheduled date, we will provide either a refund or a credit to the next NYS HIMSS Chapter event.

Register for the GNYHA/HIMSS Nursing and HIT Conference

On November 28, GNYHA and the New York State Chapter of the Healthcare Information and Management Systems Society (HIMSS) will host a conference, Nursing and Health Information Technology: Using Technologies to Operationalize the Goals of Health Reform. The conference will be held as follows:

DATE: Wednesday, November 28, 2012

TIME: 9:00 a.m.-2:30 p.m.(Check-in begins at 8:30 a.m.)

LOCATION: GNYHA Conference Center, 555 West 57th Street, 15th Floor
New York, NY 10019

REGISTRATION: <http://www.surveymonkey.com/s/NursingHIT>

The conference will emphasize the vital role of nursing in improving care coordination and patient outcomes through effective use of HIT, and help nurses consider their work in supporting hospitals to meet Federal meaningful use criteria, which is increasingly focused on patient engagement and health information exchange. GNYHA's Bruce C. Vladeck, Ph.D., former administrator of the Centers for Medicare & Medicaid Services, will deliver a keynote address on the critical role of nursing in attaining the benefits of HIT in patient care. In addition, the conference will also include panel presentations and discussions on patient engagement through electronic health records, leveraging technology for quality improvement and patient safety, and implementing and operationalizing HIT systems.

HIMSS13 Call for Physicians' IT Symposium Posters and Reviewers!

Posters will be displayed at the [HIMSS13](#) Physicians' IT Symposium, on Sunday, March 3, 2013, in New Orleans, LA. Please review the details, guidelines and deadlines in their entirety before submitting a proposal.

[Submit a proposal](#)

DETAILS:

The Call for Posters is a peer reviewed process. Presenters will be notified on January 11th of their accept/decline status. Poster presenters will also be required to submit a 5-7 page technical paper after the conference which will be published on the [HIMSS/AMDIS Physician Community Website](#).

SUBMISSION REQUIREMENTS:

- Poster title
- Brief introduction describing the purpose of the study
- Statement of the experimental design or methods used
- Summary of results
- Statement of the conclusion(s)
- Topic category
- 30-50 word web/marketing ready description
- 3 learning objectives

INTERESTED IN REVIEWING PROPOSALS?

Lend your expertise and help choose posters to be displayed at the symposium. Please review the details, guidelines and deadlines in their entirety before submitting an application.

[Submit a reviewer application](#)

DETAILS:

Reviewers should expect to review up to 10 Physicians' Symposium Poster Sessions proposals. After reading and evaluating proposals, reviewers will recommend proposals to be selected as posters for the symposium.

 **PRINTABLE FORMAT**
