

Healthcare Technology Innovation Award Criteria

1. There must be a direct correlation between the IT initiative and accomplishment of a documented organizational objective.
2. Achieved benefits from initiative must be quantifiable.
3. Concept must be transportable and have application to other healthcare organizations.
4. Accomplishment must have written acknowledgment from the organization's CEO, "C" suite equivalent, and or representative of the Board of Directors.
5. The IT initiative must have a minimum of 6 months of proven results.

Documentation Required

1. To be considered for this award, applicants must submit:
 - a. Project Description:
 - Part 1- A description of the IT initiative
 - Part 2- A listing of the specific, quantifiable benefits obtained from the IT initiative and how this initiative has been sustained at your organization
 - Part 3- A description of why this project is innovative for your organization
 - Part 4- An explanation of how this project is linked to your organization's Strategic Plan
 - Part 5- A description of how this initiative would be transportable to other healthcare organizations.
 - b. A letter of support from the organization's CEO, "C" suite equivalent, and or representative of the Board of Directors.
