Yesterday

Today

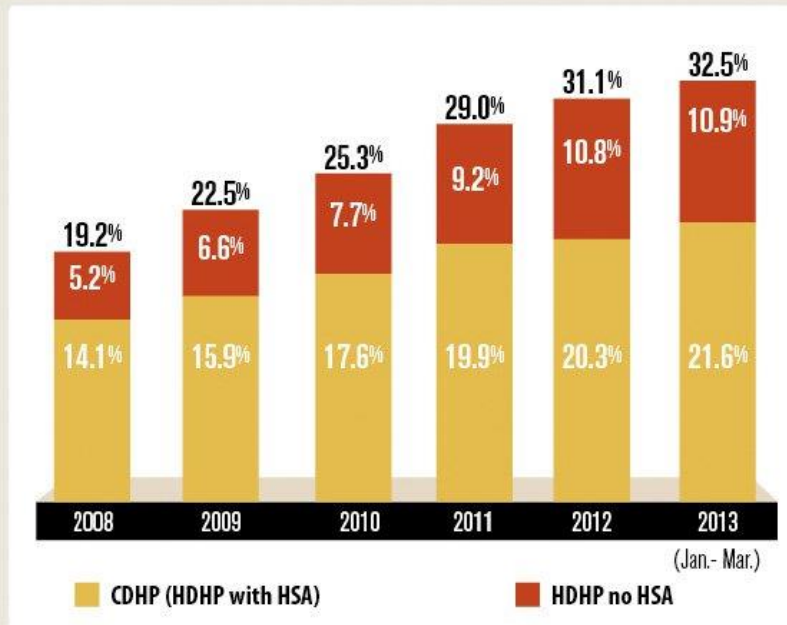

Tomorrow

Look at the trends

The rise of high-deductible health plans

The number of patients under age 65 with high-deductible health plans has increased each year, according to the National Health Interview Survey conducted by the Centers for Disease Control and Prevention and the National Center for Health Statistics.

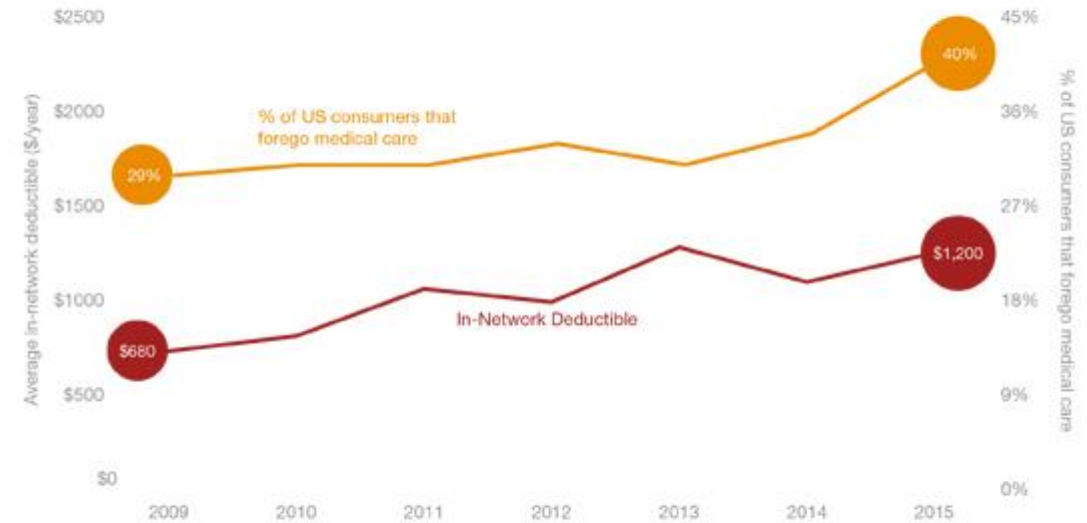

NOTES: A consumer-directed health plan (CDHP) is a high-deductible health plan (HDHP) with a health savings account (HSA). 'HDHP no HSA' is a high-deductible health plan without an HSA. The individual components of HDHPs may not add up to the total, due to rounding.

As cost-sharing increases, consumers forego care

Average employer insurance deductible vs. percentage of consumers foregoing care

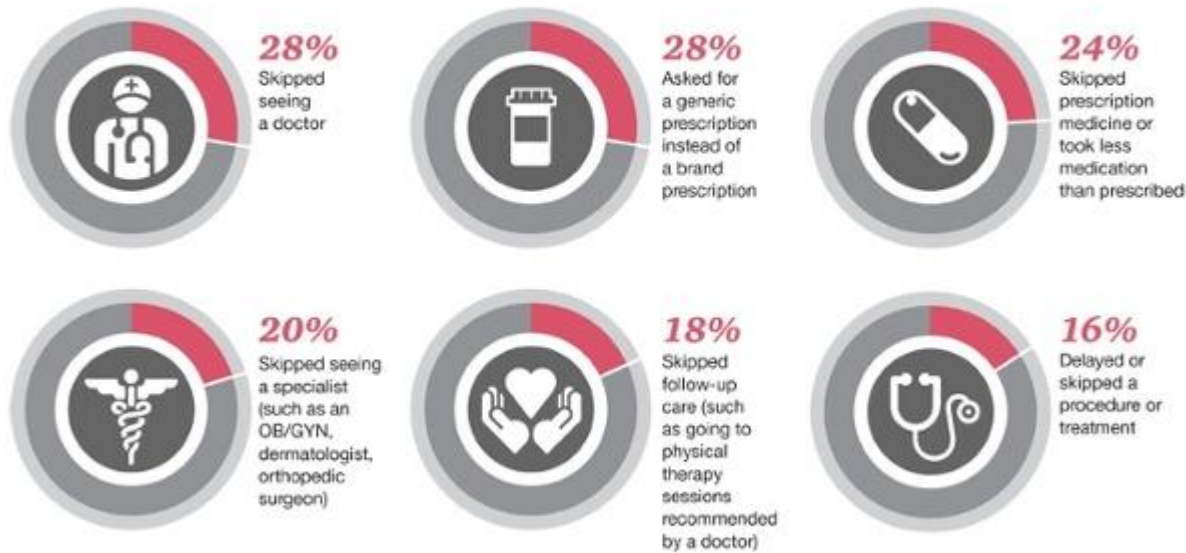

Source: PwC 2015 Health and Well-being Touchstone survey, Gallup Poll, and PwC HRI consumer surveys

Consumerization Forcing Change

Cost-shifting pushes consumers to become more conscientious about their healthcare choices

Percentage of consumers with employer-based insurance who took the following actions in the last 12 months due to cost of care

Why Innovate

- Fee for Service
- Volume Focus
- Episodic
- MD-directed
- Payer-Controlled

- Value-Based
- Outcomes Focus
- Integrated
- Consumer Directed

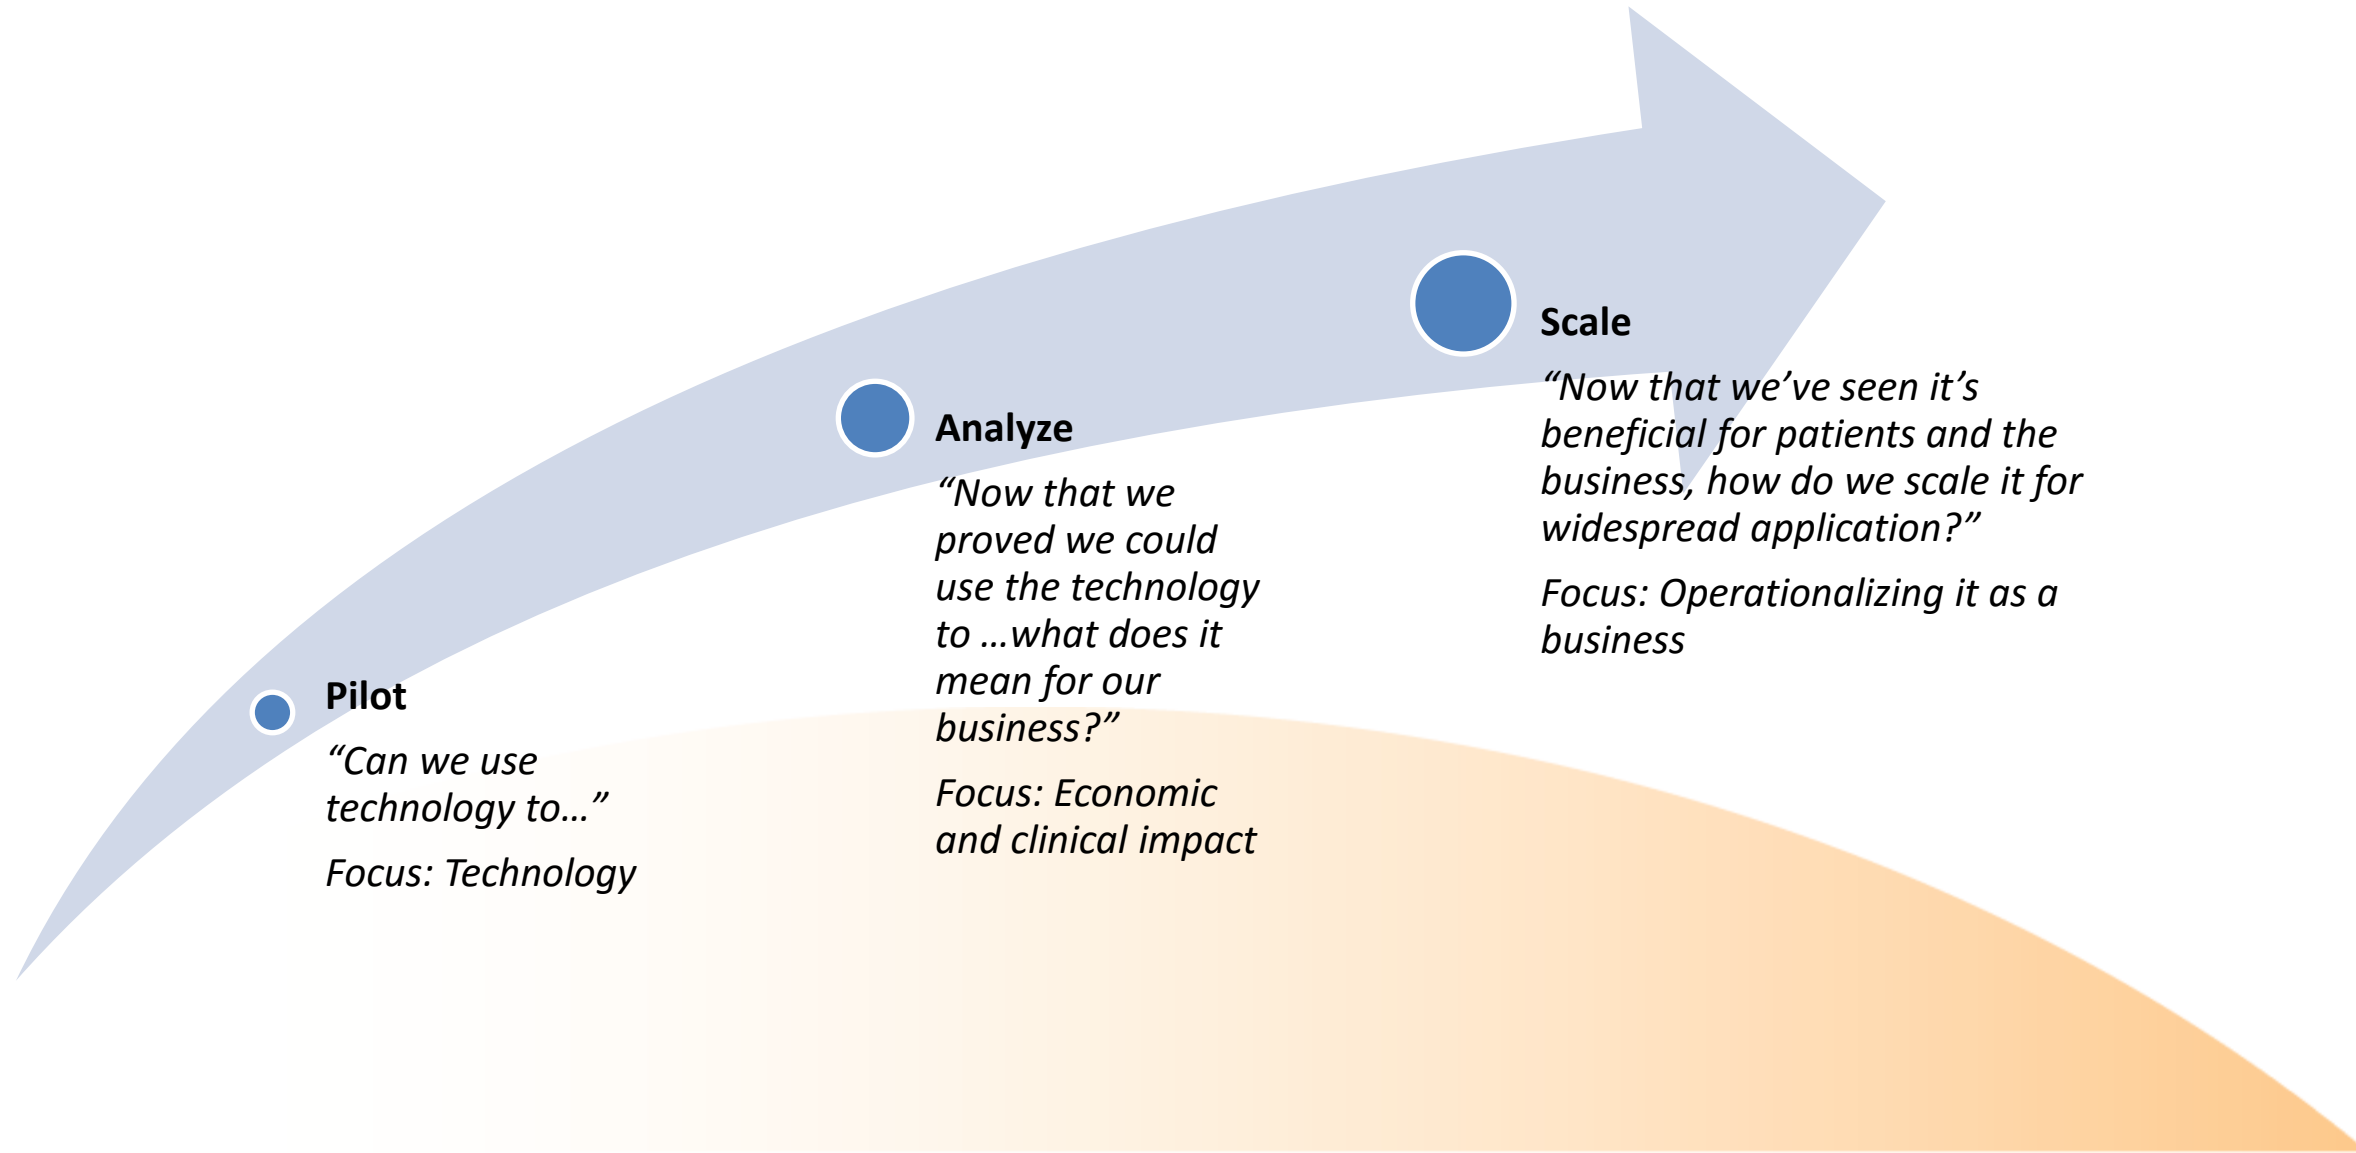

Yesterday's success may be tomorrow's failure

Providence Digital Innovation Group

- Business Unit within PH&S with Sr. Leadership Representation
 - Aaron Martin, Sr. Vice President Strategy & Innovation
- Established to intentionally seek and deliver purposeful disruption that:
 - Creates a stronger bond between us and our patients
 - Addresses problems in order to:
 - Ease access to care (for patients)
 - Ease the delivery of care (for providers)
 - Lowers the cost of care (for everyone)

“Know me, care for me, ease my way”

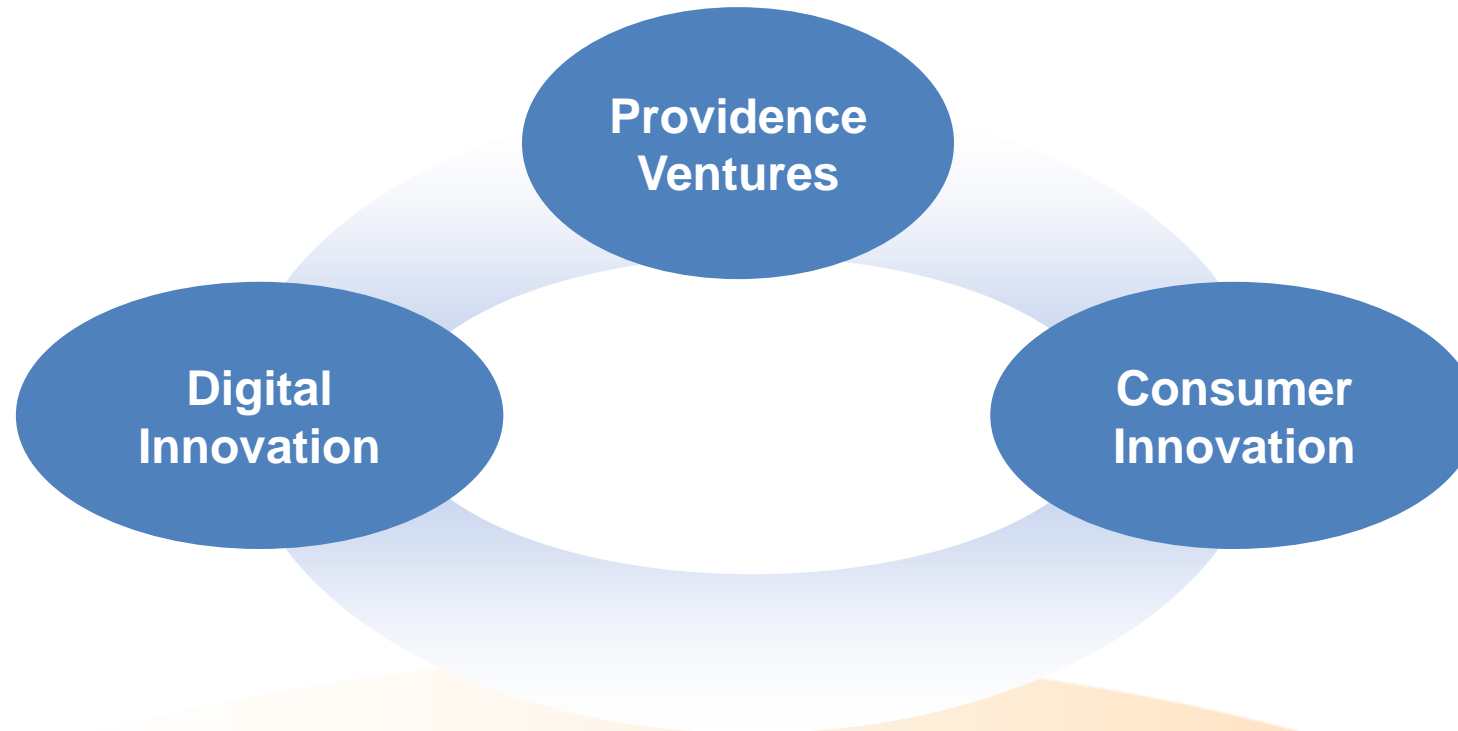

Innovation vs Addressing Problems

Defining the Problem

- Decoupled from the solution
- Rooted in value
 - Quantify its negative impact
 - Quantify the value of solving / improving it
- Obtain commitment to implement a solution, if derived

Telehealth

- More than a decade of experience
- Today, nearly 90 hospitals in 5 states rely on Providence & affiliate telehealth services
- 10 employers purchase telemedicine coverage from PHS; 2 ACOs
- Spanning the continuum
- ~10,000 virtual encounters in 2015
- Evolving to a singular, integrated system-wide approach for teleservices

Providence Telehealth Program Overview

Enterprise

- **TeleStroke**
 - **TeleHospitalist**
 - **TelePsychiatry**
 - TeleBehavioral Health
 - TelePhysiatry
 - TeleBrain Injury
 - TeleCardiology
 - TeleCritical Care
 - TeleECG
 - TeleEEG
 - TeleHand Trauma
 - TeleEpilepsy
 - TeleGI
 - TeleMovement Disorders
 - TeleNeonatal Resuscitation
 - TeleNeurosurgery
- TeleOncology
 - TeleOtolaryngology
 - TeleOtology
 - TeleEndocrinology
 - TelePediatrics
 - TeleSANE
 - TeleSleep
 - TeleSpeech
 - TeleSpine
 - TeleTIA
 - TeleWound

Consumer

- **Health eXpress Direct-to-Consumer**
- **Health eXpress Kiosks**
- **Primary Care**
- TeleDM education

Integrated services spanning the continuum

- **Improve Access to specialists**

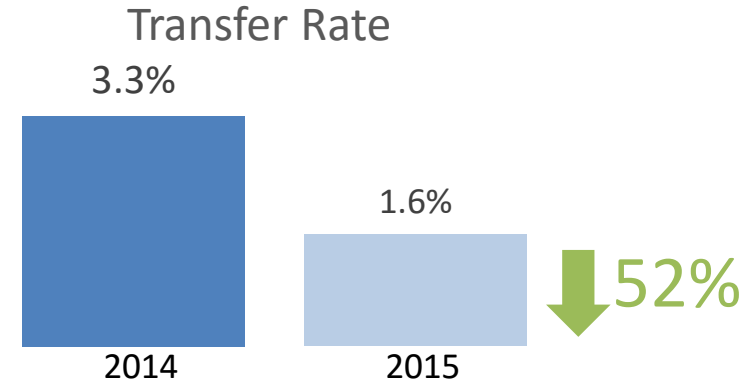

Innovation Example: Telehospitalist (Noctu

- Balancing Cost & Quality for nighttime coverage 7pm – 7 am
- Staffing
 - Smaller program requiring your physicians to cover more nights (burn-out risk)
 - Desire to preserve daytime staff to be more productive
 - Less disruption to sleep/wake cycles
 - Need primary or back-up coverage
- Hidden issues with on-call models

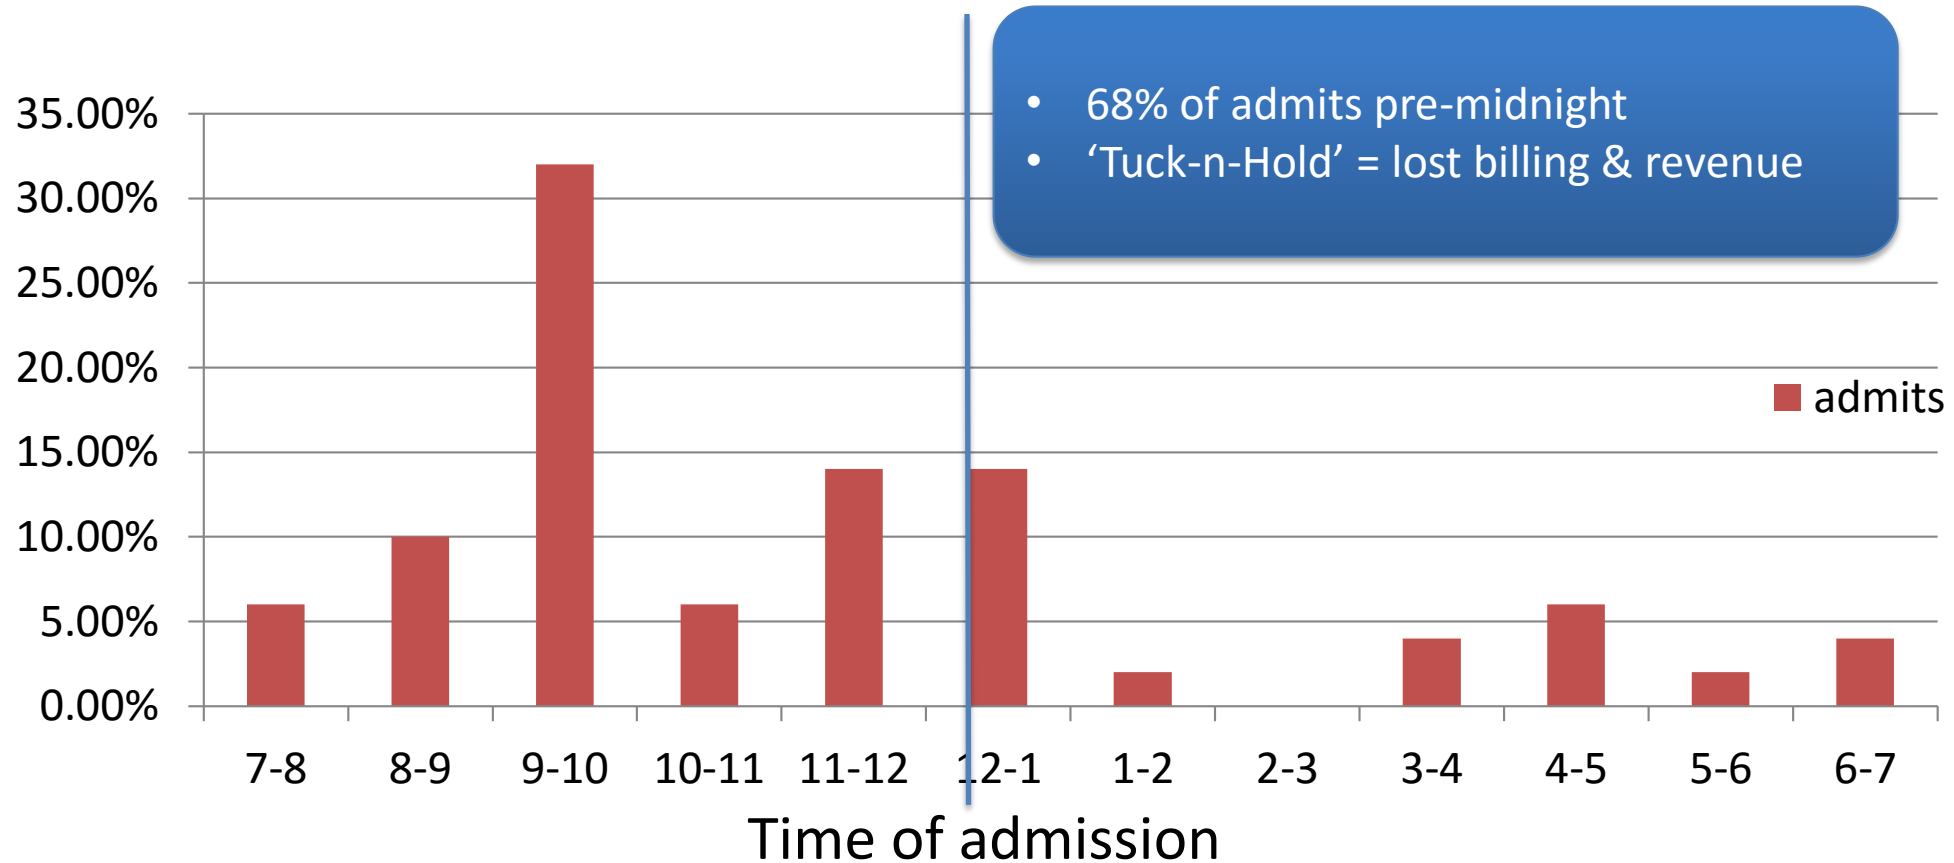

Case Study: Volumes

- 52% reduction in transfers out of the hospital
- 41% increase in ADC

Case-study: Impact on Billing

Case-study: Ancillary Benefits

- On-call MDs more rested during day
- Daytime MDs more efficient
- RNs & allied staff less stressed
- Patient satisfaction increased

We always over-estimate the change that will occur in the next 2 years, and underestimate the change that will occur in the next 10. Don't let yourself be lulled into inaction.
Bill Gates

Do not go where the path may lead. Go instead where there is no path and make a trail.
Ralph Waldo Emerson

Are you reacting, or creating?

Thank You!
