

PMI NEW/HIMSS Joint Event At Lambeau Field

SHIFT: MOVE FROM THINKING TO EXECUTING

Speaker: Derek Deprey

Carefully look over all of the things that you want to do. Will you commit to action? The way to get started is to bridge the gap between thinking and doing. In this presentation, Derek will help you design every minute of your life's activities around your passions and priorities with ten gap-closing behaviors. Put your pedal to the metal and move from desire to execution. You'll go from "I'm so frustrated and busy" to "I'm fulfilled and living my ideal life right now."
