- 33,000 employees
- 600,000 members
- 25% market share
- 200 clinics
- 1,000 employed physicians
“There’s a way to do it better – find it.”

-Thomas Edison
Imagine

• A room where clinicians can simply do their work and the EMR documents – no keyboard, mouse or dictation.
• A 60 bed facility – managing 200 beds.
• Siri letting you know you’re sick and then telling you how to solve it.
• A single poke in patients.
• Faster and better healing of wounds.
• 3-D visualization to prepare for surgery.
National Leadership and Strategy
Avoiding train wrecks
Variations in gauge standards have been a problem for over a hundred years.
Importance of Standards
Improving Interoperability
Connecting the National Infrastructure
A responsibility to innovate
