Illinois Telehealth Landscape

Join us on **Wednesday, June 22nd from 5:30 pm – 9:00 pm** at the Prentice Women's Hospital Conference Center (part of Northwestern Medicine) in Chicago, IL as our speakers and panelists provide insight into legislative efforts around telehealth policy and reimbursement both nationally and locally while highlighting real world applications in local provider organizations. In addition, the program will include networking and an opportunity to collaborate with accomplished leaders from our community.

Goal: Provide GCC HIMSS members and attendees with an overview of telehealth initiatives and reimbursement challenges featuring case studies in Illinois.

Objectives:

- Describe the telemedicine landscape and provide updates on initiatives throughout the U.S. with a specific focus on those within Illinois
- Describe current Illinois legislative efforts and policies related to reimbursement
- Explore specific examples of telemedicine initiatives in local Chicagoland provider organizations and discuss the community benefit derived from them

Location:

Prentice Women's Hospital
Conference Center – 3rd Floor (Atrium & Conf Room L North)
250 E. Superior
Chicago, IL 60611

GCC HIMSS Webinar Series

June 7th -"MACRA and MIPS: What You Need To Know"

Tuesday June 7th, 2016
12:00 p.m. - 1:00 p.m. CST

[Click Here to Register](#)

**Michael Patrick Wall, Meaningful Use Systems Analyst
Lifeline Vascular Access**

The objectives of the webinar will be to give a high-level overview of MACRA and MIPS, and to assist attendees with understanding how to be successful under the new Quality Payment Program.

To understand MACRA at a high-level; to understand the four categories within MIPS; to understand how this changes the existing rules for current incentive programs; and what to do in 2016 to be setup for success with the new rules come 01/01/17.

June 21st -"The Enterprise FitBit: How to Leverage Analytics for Proactive End-User Support"

Tuesday June 21st, 2016
12:00 p.m. - 1:00 p.m. CST

[Click Here to Register](#)

**Tim Flower, North American Director of Customer Service
Nextthink**

Learn the benefits of shifting your End User support processes from a react and respond model to a proactive partnership model. Applying IT Analytics on end-user device data can bring unknown, unreported, and unresolved issues to the surface for targeted action. This approach helps Healthcare Institutions:

- Gain end-user operational intelligence for healthcare applications
- Secure ePHI & Ensure HIPAA compliance
- Reduce risk on HITECH penalties for privacy breaches
- Save time and money by making better informed decisions
- Facilitate BYOD adoption for physicians and clinicians
- Reduce medical errors & increase care quality
- Improve quality of service and ultimately patient experience

Join this webinar to see how teams around the world, including Advocate Healthcare & Princeton Healthcare Systems, have made foundational and fundamental changes in their support offering to bring about revolutionary change to their businesses. End User IT Analytics will change how you support and maintain your enterprise.

July 12th -"Innovations in Telehealth: We've Come a Long Way!"

Tuesday July 12th, 2016
12:00 p.m. - 1:00 p.m. CST
